MEMORANDUM FOR THE RECORD

SUBJECT : Contrast Pilots

1. On 7 February 1956 I was advised by Col. Berg that two contrast pilots have elected to withdraw from the Project. These officers are now at [redacted] awaiting appointments for chamber indoctrination at [redacted]. Col. Berg has been in contact with [redacted] our recruiting contact at Bergstrom and it was their agreed opinion that these two officers should be relieved of any future assignment in Project Aquatone.

2. I have concurred in this action and requested that Col. Berg advise [redacted] to debrief the officers. I further advised Col. Berg that it may be necessary for security personnel from Project Aquatone to follow up this debriefing and obtain a secrecy agreement from them.
